<b>SUPERLUBE</b>		PTFE / Silicone Grease
<b>TERMINATOR</b>	<b>NEW</b>	<b>Virus Eradicator Destroys Viruses, Germs &amp; bacteria INC. COVID 19</b>
<b>TIME MIST</b>		Machine Time Controlled Air Freshener
<b>TRIMCLEAN</b>	<b>NEW</b>	Foam Cleaner for all Interior Surfaces
<b>TYRE SHINE</b>	<b>NEW</b>	High Quality Tyre Dressing in an Aerosol can
<b>UNDERSEAL</b>	<b>NEW</b>	Vehicle Underseal, Quick easy application in aerosol

# All -Lube

## ALL-LUBE MULTI-PURPOSE LUBRICANT WITH PTFE (Aerosol)

All-Lube is a multi-purpose lubricant with PTFE (polytetrafluoroethylene) which loosens, lubricates, cleans and protects. The unique formulation with PTFE dramatically reduces friction, wear and energy consumption of machinery by leaving a continuous wear resistant film.

**Uniconomy**<sup>®</sup>  
finding your solution with a smile

## Features & Benefits

- Contains PTFE (chemical name of Teflon)
- Can be used to free frozen or corroded parts
- Penetrates rapidly to loosen heavy build up of grease and grime
- Silicone free
- Wide temperature range
- Corrosion resistant

### Applications:

For use on machinery, cables, chains, all moving parts, and metal to metal surfaces. Excellent for lubricating and protecting all surfaces. Multi-Lube is an essential tool in any workshop. All lube is the alternative name for Multi-Lube on the Uniconomy range.

### Directions for Use:

Shake well before using. Spray directly onto part or surface requiring Multi-Lube. Extension tube (included) can be used for hard to reach areas.

# Uniconomy®

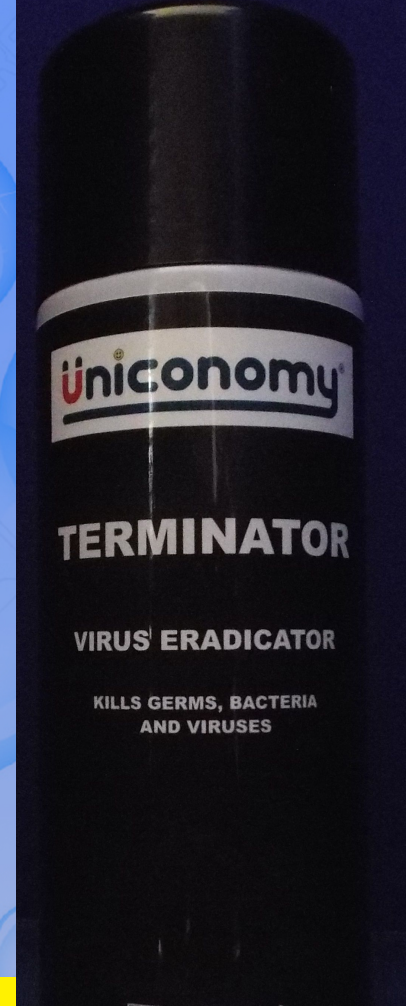

finding your solution with a smile

## Introducing the Disinfectant Bomb -

it can eliminate Coronavirus in a  
matter of minutes!

In addition, it offers residual  
protection for keeping a room or  
space virus free for up to 24 hours!

It also helps eliminate bacteria,  
viruses, mould and odours that can  
lead to health risks by helping to  
clean, disinfect and refresh your  
entire room

UNIT 1 & 2, CARTER BDG, BROOKSIDE, THORNTON CLEVELEYS FY5 4HP

finding your solution with a smile

## How does the Disinfectant Bomb work?

- It releases a fine citrus fragranced disinfectant mist into a room over a 20 minute period.
- It is not only fast but can help disinfect surfaces, crevices and cracks that may be difficult to reach thoroughly compared to manual cleaning.
  - Once dry, it leaves no residues.
- It eliminates a wide range of germs including bacteria, yeast and fungi that can cause bad odours.
- It is safe to use on both hard and soft furnishings so makes it ideal to use on a wide range of applications including
  - Pubs
  - Restaurants
  - Hotels
  - Holiday homes
  - Shops
  - Offices
  - Taxis and vehicle hire
  - Meeting rooms
  - Distribution

# AeroPure

## Odour Destructive Technology

AeroPure is an innovative product which uses Odour Destructive Reagents to eliminate offensive odours.

AeroPure's odourless formulation works quickly to eliminate bad odours including hydrogen sulphide, ammonia, organic sulphur and nitrogen compounds.

AeroPure is non-hazardous, non-flammable and environmentally friendly.

Packaged in 4 x 5 litres

## Features & Benefits

- Innovative technology utilises Odour Destructive Reagents to neutralise offensive odours.
- Environmentally friendly, non-hazardous, non-carcinogenic, non-flammable
- Completely safe under CHIP/CHSHH regulations
- Completely odourless and safe for use in the food industry
- Controls Legionella within an odour control system
- Can be diluted to make the product very economical

### Applications:

Effective in a variety of applications including the treatment of waste material, hard surface odour control and the treatment of raw sewage.

### Directions for Use:

Apply directly on odour causing material through a trigger sprayer or garden sprayer. Dilutions rates:

- Hard surface spraying at a dilution as low as 500:1
- Spray directly onto waste material at a dilution as low as 50:1
- Inject directly into liquids such a raw sewage at a dilution as low 1000:1 at the inlet

# BLAZE

## NON ACIDIC DRAIN OPENER

Blaze is a crystalised powdered efficient drain cleaner designed to quickly clear blockages from pipes, u-bends, drains and traps. BLAZE will quickly dissolve all organic obstructions such as grease, hair, soap, sanitary towels, paper etc

**Uniconomy**<sup>®</sup>  
finding your solution with a smile

## Features & Benefits

- Fast acting, slower but considered safer to use than Acid Drain cleaners
- Biodegradable
- Prevents clogged and slow running drains
- Safe on stainless steel, plastics, rubber and ceramic equipment
- Breaks down & liquifies grease.
- Eliminates obnoxious odours
- Dissolves blockages by generating heat on contact with water
- Contains Antibacterial Agents
- Non Flammable
- Use weekly as part of a preventative maintenance programme.

### Applications:

Use to clear blockages from toilets, sinks, tubs, showers, floor drains, pipes, u-bends, cess-pools and grease traps. Suitable for hotels, nursing homes, schools, office buildings, restaurants, salons and anywhere there are drains.

### Directions for Use:

Remove as much water as possible from sink, drain or toilet to be treated. Slowly pour the neat product into the blocked area and allow 10 minutes contact time. After pouring product into drain, immediately place inverted pan, bucket or other deep container over drain to protect against possible eruption of drain contents. Flush drain with COLD WATER

**DO NOT ADD WATER DIRECTLY TO THIS PRODUCT.** Always read safety instructions before use. Always wear protective safety equipment when using this product. Do not mix with other chemicals.

# Carpet Extract

## Low Foaming Carpet Shampoo

**Carpet Extract** is an easy to use water based, Antistatic, Bactericidal shampoo for fabrics, upholstery and carpets.

**Uniconomy**<sup>®</sup>  
finding your solution with a smile

## Features & Benefits

- Economical, Dilution up to 100:1 with hot water 10:1 with cold
- Safe on paintwork, metal surfaces, glass and rubber
- Completely Biodegradable Water based formulation is petroleum, solvent free, non caustic and virtually odour-less
- Does not alter fabric appearance
- Bactericidal and Antistatic.

### Applications:

Ideal for cleaning fabrics, upholstery and carpets in hotels, restaurants, office buildings, pubs, automobiles, etc.

Deep cleaning power which loosens and suspends dirt and grit. Can be applied to dry or damp fabric as a prespot cleaner using a trigger sprayer or for a full carpet via an extraction machine. Penetrating foaming action works thoroughly but gently to remove the most stubborn stains.

Always test on an inconspicuous area, allow to dry and check for any change in shade or texture before treating main fabric.

# DeScaler

## HEAVY DUTY SCALE, CEMENT AND STAIN REMOVER

De scale is a special blend of biodegradable mineral acids, inhibitors and wetting agents designed to remove lime scale, cement, efflorescence, moss, algae and many other stains from hard surfaces.

**Uniconomy**<sup>®</sup>  
finding your solution with a smile

### Features & Benefits

- Fast acting, non-tainting cleaner & descaler
- Heavy duty formula ideal for areas of heavy lime scale build up
- Effective, instant results in both hard and soft waters
- Biodegradable
- Effective cement remover
- Universal application, safe on most plastics, glass and rubber

#### Applications:

Highly recommended for use on toilets, showers, drains, pipes and walls. Also suitable for the cleaning of cement and mortar handling equipment.

#### Directions for Use:

For heavy build-up of scale or to remove cement use neat or dilute up to 1 to 8 parts water, always adding product to water. Apply directly onto affected area. Flush all contact surfaces with clean water.

For general descaling, dilute at up to 1 to 80 parts water. Rinse well with clean water.

For brick cleaning, dilute up to 1 to 8 parts water and brush or spray onto surface to be cleaned. Allow contact time then rinse well.

Equipment can be soaked in a solution for up to 1 hour.

Avoid extended contact with stainless steel and other sensitive materials. Always test on an inconspicuous area first to avoid damage of sensitive materials and surfaces. FOR AN EVEN STRONGER VERSION REQUEST DESCALE PLUS

# DYNAMIC

## FAST ACTING DRAIN OPENER

DYNAMIC is an inhibited sulphuric acid based formula designed specifically to quickly clear blockages from pipes, u-bends, drains and traps. DYNAMIC will quickly dissolve all organic obstructions such as grease, hair, soap, sanitary towels, paper and other organic waste.

**Uniconomy**<sup>®</sup>  
finding your solution with a smile

## Features & Benefits

- Extremely fast acting
- Biodegradable
- Petroleum solvent free
- Safe on plastics, rubber and ceramic equipment
- Low freezing point
- Low odour
- Dissolves blockages by generating heat on contact with water
- High specific gravity allows product to descend to the source of the blockage and speed removal
- Use weekly as part of a preventative maintenance programme.

### Applications:

Use to clear blockages from toilets, sinks, tubs, showers, floor drains, pipes, u-bends, cess-pools and grease traps. Suitable for hotels, nursing homes, schools, office buildings, restaurants, salons and anywhere there are drains.

### Directions for Use:

Remove as much water as possible from sink, drain or toilet to be treated. Slowly pour the neat product into the blocked area and allow 10 minutes contact time. After pouring product into drain, immediately place inverted pan, bucket or other deep container over drain to protect against possible eruption of drain contents and acid. Flush drain with COLD

**DO NOT ADD WATER DIRECTLY TO THIS PRODUCT.** Always read safety instructions before use. Always wear protective safety equipment when using this product. Do not use on aluminium or galvanised metals. Do not mix with other chemicals.

# Freshca

## ANTI-STATIC GERMICIDAL AIR FRESHENER (Zerosol)

Uniconomy's Freshca is a specially blended, anti-static, germicidal air freshener which deodorises, disinfects and de-contaminates, overcoming unpleasant and offensive odours instantly, while at the same time helping to remove the presence of unwanted static ions from the atmosphere.

**Uniconomy**<sup>®</sup>  
finding your solution with a smile

### Features & Benefits

- Excellent coverage... Available in six different fragrances Baby Powder, Cherry, Fresh Linen, Lavender, Lemon, and Vanilla, with more to follow.
- Remains suspended in the atmosphere for prolonged periods of time, providing long term effectiveness.
- Eliminates odours at their source including tobacco, cooking, smoke, animal, wash-room and drain odours.
- Contains bacteriological agents which are effective against a wide spectrum of gram-positive and gram-negative bacteria, mould and fungi.

The unique Zerosol container enables the product to be refilled making it extremely economical.

#### Applications:

Highly recommended for use in offices, meeting rooms, toilets, changing rooms, workshops and leisure centres.

# Hipro

## ALL PURPOSE HEAVY DUTY CLEANER & DEGREASER

HIPPRO is a multipurpose heavy duty cleaner and degreaser. It is a unique blend of biodegradable synthetic detergents which rapidly lifts grease, dirt, grime and oil from most surfaces.

**Uniconomy**<sup>®</sup>  
finding your solution with a smile

### Features & Benefits

- Safe to use on metal, plastic, rubber, glass, stainless steel, chrome, paintwork, tarmac and fabrics
- Quickly emulsifies oil, dirt and grease
- Use in hot or cold water
- Biodegradable
- Effective in higher dilutions
- Contains rinse off additive
- May be used through a pressure washer
- Non-corrosive and non-flammable

### Applications:

Unlimited uses including the cleaning of floors, walls, oven hoods, vents, machinery and vehicles.

### Directions for Use:

For lightly soiled surfaces and floor cleaning dilute up to 1 to 100 parts water before use. Allow a few minutes contact time to improve cleaning performance.

For heavier soiled areas dilute from 1 to 10 parts water up to 1 to 50. Rinse well.

UNICONOMY Ltd

01253 854050 [www.uniconomy.co.uk](http://www.uniconomy.co.uk) [enquiries@uniconomy.co.uk](mailto:enquiries@uniconomy.co.uk)

# Pride

## ANTIBACTERIAL- MOISTURISING LIQUID HAND CLEANER

Pride concentrated liquid hand cleaner has been developed after many years of research producing both antibacterial and moisturising qualities. Completely safe to use and which acts instantly to dissolve grease, ink, carbon, dirt & grime.

**Uniconomy**<sup>®</sup>  
finding your solution with a smile

### Features & Benefits

- Up to date formula containing No harsh abrasives, Toxic solvents or irritating caustics
- Does not produce de-fatting of the skin, softens and nourishes hands.
- Non Toxic, Non -irritating, Non Flammable.
- Can be used in a soap dispenser or for all over body wash in the shower. In this respect can be diluted with up to four parts water.
- Leaves no film, after use the skin is left in a very pleasant condition.
- Pleasant fragranced.

**Recommended for use in factories, garages, schools, offices, cloakroom and toilet areas.**

Pride is available in 1 litre, 5 litre and 25 litre containers which can then be poured into be bottles and 1 litre dispensers.

# Pro Jumbo

## ALL PURPOSE HEAVY DUTY CLEANER & DEGREASER

PRO JUMBO is a multipurpose heavy duty cleaner and degreaser. It is a unique blend of biodegradable synthetic detergents which rapidly lifts grease, dirt, grime and oil from most surfaces.

**Uniconomy**<sup>®</sup>  
finding your solution with a smile

### Features & Benefits

- Safe to use on metal, plastic, rubber, glass, stainless steel, chrome, paintwork, tarmac and fabrics
- Quickly emulsifies oil, dirt and grease
- Use in hot or cold water
- Biodegradable
- Effective in higher dilutions
- Contains rinse off additive
- May be used through a pressure washer
- Non-corrosive and non-flammable

### Applications:

Unlimited uses including the cleaning of floors, walls, oven hoods, vents, machinery and vehicles.

### Directions for Use:

For lightly soiled surfaces and floor cleaning dilute up to 1 to 200 parts water before use. Allow a few minutes contact time to improve cleaning performance.

For heavier soiled areas dilute from 1 to 25 parts water up to 1 to 100. Rinse well.

For very stubborn grease and oil apply neat, allow to soak, and rinse well.

UNICONOMY Ltd

# Pro Pine

## All Purpose Pine Fragranced Disinfectant

**Uniconomy** Pro pine is an extremely effective highly concentrated powerful disinfectant.

Pro pine can be diluted up to 100:1 making it a very economical product.

**Uniconomy**<sup>®</sup>  
finding your solution with a smile

Also available in a fragrance free, food-safe formula  
Packaged in 4 x 5 litres

### Features & Benefits

- Kills Germs quickly and effectively in one operation.
- Safe on paintwork, metal surfaces, glass, rubber and most fabrics.
- Contains a powerful biocide will kills 99.99% of all known germs.
- Very economical...Effective at high dilution rates.
- Easily removes protein and food residues.
- Leaves a long lasting pleasant Piner fragrance.
- Effective on gram positive and gram negative bacteria, in hard and soft water.

#### Applications:

Ideal for disinfecting soiled areas such as floors, walls, counter tops, tables, etc. Also suitable for sanitising air conditioner units, shower heads and taps. Safe to use on paintwork, metal surfaces, glass, rubber and most fabrics.

#### Directions for Use:

For heavy duty sanitisation dilute up to 30 parts water to 1 part Propine in warm water. Mop or wipe surface to be disinfected. Can also be sprayed or used in a pressure washer. It is advisable to allow 10 minutes contact time to ensure all bacteria have been killed. For General disinfection dilute up to 100:1 with water

**Odour neutralising:** Apply lightly by trigger spray directly onto surface and leave to act. Do not over-soak fabrics and other porous surfaces.

UNICONOMY Ltd

01253 854050 [www.uniconomy.co.uk](http://www.uniconomy.co.uk) [enquiries@uniconomy.co.uk](mailto:enquiries@uniconomy.co.uk)

# PRO ZYME

## BIOLOGICAL TREATMENT FOR DRAINAGE SYSTEMS AND ODOUR CONTROL

Pro zyme is a non-toxic enzyme. Prozyme digests greases, oils and other organic matter. Prozyme builds an enzyme colony that works to keep drains, u-bends, pipes and grease traps free of blockages and unpleasant odours. The active colony remains in the system and is re-activated each time waste is produced.

### Features & Benefits

- Biologically degrades grease, oil, cellulose, protein and starch residues
- Significantly reduces effluent B.O.D. and C.O.D.
- Effective in hard and soft waters
- Economical to use – can be used in conjunction with electronic dosing systems
- Low odour – you will know it is working because the smells associated with poor drainage will diminish
- Does not contain acids, alkalines or caustics
- Safe for use around marine or animal life
- Will not interfere with the natural bacterial action associated with septic tanks, ponds and lagoons

### Applications:

Use on drains, u-bends, pipes and grease traps. Also suitable for regular treatment of sinks, toilets, septic tanks, cess pits, portable toilets and marine craft toilets. Can be used in hotels, food preparation and processing areas, restaurants, schools, nursing homes, hospitals, office buildings and sewage treatment works.

### Directions for Use:

Apply an initial dose of 1 litre to the system followed by regular doses of 150ml. Doses should be introduced into the head of the drainage system or immediately before the main entry point of the organic waste.

In kitchens and food preparation areas, manual applications should be carried out prior to vacating the kitchen or food preparation area by mixing the product into approximately 5 litres of warm water and pouring down the appropriate sink. Automatic dispensing should be timed for 1 hour after kitchen shutdown and injected directly into the line. Where possible, avoid the direct use of disinfectants and bleaches immediately after application of the product.

# Safe & Kind

## NON ALCOHOLIC HAND RUB & HAND SANITISER

Safe & Kind is an Alcohol Free hand sanitising rub that is gentle to the skin, that has been independently tested to meet European standards EN1276, EN1500, & EN1650. Safe & Kind kills 99.99% germs and fungi in just 15 seconds.

**Uniconomy**<sup>®</sup>  
finding your solution with a smile

### Features & Benefits

- Kills 99.99% of germs including superbugs SARS, MRSA H1N1 Swine Flu etc in just 15 secs.
- Clinically proven to be more effective than alcohol based equivalents.
- Non Toxic, Non -irritating, Non Flammable.
- Conditions hands and does not dry the skin or sting cuts and abrasions.
- Won't remove nail varnish or damage floors.
- Doesn't offend religions that prohibit contact with alcohol (Equal Rights Policy)
- Child Friendly
- Won't be inhaled or consumed by Alcoholics
- Leaves no oily residue, dries almost instantly.
- LMeets EN1276, EN1500, & EN1650 standards (Independently Tested.)

#### Applications:

Safe & Kind is available with a foamer pump, in 50ml & 500ml bottles and 1 litre dispensers.

COST EFFECTIVE

The 1 litre dispensers provide an average of 1250 shots (far more than gel based products.)

USED WITHIN THE NHS

Don't slip up! A practical solution to an age old problem!

Did you know that the most common cause of injury each year is slip and trip accidents?

Spill-Aid™ Power Absorber
Spill-Aid™ is a fast acting absorbent for all spills from chemicals\* to oil. Spill-Aid leaves surfaces dry and safe to walk or work on in seconds.

\*Except Hydrofluric acid

Picks Up Glass
Spills where glass has been broken can be potentially dangerous, but with Spill-Aid™, you simply pour it over and brush up the liquid and glass. This is both safe and efficient.

Spill Sign Caddy™
The Spill Sign Caddy™ serves two purposes: it is both a caution sign and a spill kit. The Spill Sign Caddy™ means spills can be cleared more quickly and efficiently because all apparatus can be found instantly. The Spill Sign Caddy™ acts as the sign and inside all the necessary cleaning materials.

Contents:

- Dustban and brush
Disposable waste sacks
Gloves
Universal power adsorber, Spill-Aid™

# UNIZORB

## EMERGENCY CLEAN UP POWDER

UNIZORB absorbent powder is the proven way to safely clean up vomit, urine, blood, faeces, as well as food and drink. For use in all emergency situations where body spills occur.

**Uniconomy**<sup>®</sup>  
finding your solution with a smile

### Features & Benefits

- Fast acting, works instantly.
- Absorbs up to 400 times its volume in weight.
- Prevents the spread of airborne germs and odours.
- Extremely economical
- Leaves floors clean & slip free, eliminating slip & fall liability.
- Effective against gram positive and gram negative bacteria.
- Environmentally Friendly.

#### Directions for Use:

Simply spread the absorbent powder around the outside of the spill

N.B. This is more effective than pouring the absorbent directly onto the spill.

Sweep the absorbent into the spill from the outside working inwards.

Swirl the brush around absorbing the spill.

Allow contact time sufficient to penetrate and loosen soils.

Wipe off or rinse with water, or our product Total San leaving a subtle floral fragrance.

# Spill Response Training

## Correct response is the key

Quick and safe response to a spillage incident in the first few minutes is crucial.

Ensuring you have the correct equipment in place is fundamental.

Training personnel in the safe use of spill kits and response procedures can determine whether an incident is confined to a minor drama or becomes a major crisis.

- Our training courses can help comply with:
- EA/SEPA/NIEA Pollution Prevention Guidelines
  - ISO14001 accreditation
  - Duty of Care
  - Hazardous Waste Regulations
  - Integrated Pollution Prevention and Control (IPPC)
  - Water Resources Act
  - COMAH (Control of Major Accident Hazards)
  - Insurance liability
- Gives personnel the skill and know-how to safely tackle spills and leaks
- Reduces the risk of small spills becoming major incidents
  - Minimises the time and cost associated with clean-up.

Spill response training also raises levels of awareness to environmental protection, safe operating procedures and correct incident response.

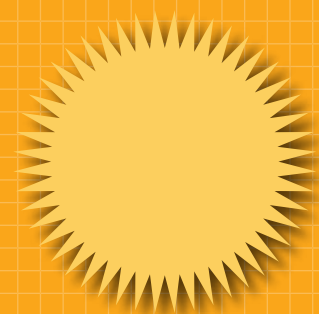

“All staff should receive training on their responsibilities, such as dealing with a spill or fire, how to use pollution prevention equipment and their personal health and safety.”  
(EA/SEPA/NIEA)

## The way in which personnel respond to a spill determines the impact of the event.

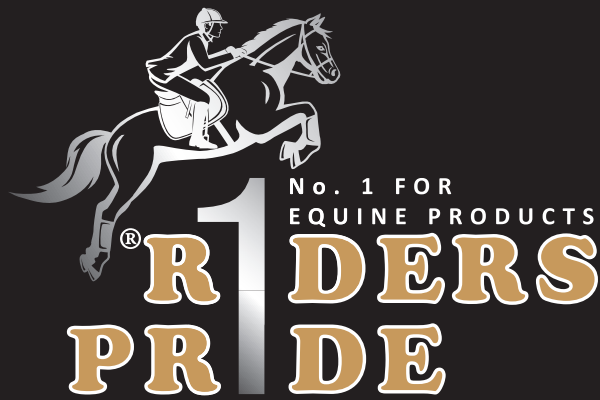

### Qualified training professional

**Uniconomy** Spill Response Training is delivered by an industry professional with over twenty years experience in the spill-control field.

With extensive knowledge of environmental legislation, best practice, products, and applications he is the author of the BSIF training standard, educated to BSc honours degree level and has a Diploma in Pollution Control.

# PROFESSIONAL PRODUCTS

UNIT 1, CARTER BUILDING, BROOKSIDE  
THORNTON CLEVELEYS, LANCS, FY5 4EZ  
TELEPHONE: 01253 854050

[www.riderspride.co.uk /](http://www.riderspride.co.uk/)

## DETANGLER & SHINE

Neutralises static hair electricity instantly. Knots and dreadlocks fall out tangle-free right away, no matter how difficult. Repels dirt, dust, and sand, with a shine that lasts longer. Minimises hair loss due to pulling and breakage.

## MANE & TAIL BUILDER

Mane & tail Builder helps generate hair growth for damaged or rubbed manes and tails and also to calm skin conditions. Can also be used to help promote hair growth on rubbed patches on the skin.

## COAT SHINE

Specially formulated for thicker or coarser coats, Coat Shine will add a gleam and lay the coat. Contains Citronella for its beneficial antibacterial and antiseptic properties.  
SOON TO BE AVAILABLE IN AEROSOL.

## CONDITIONING SHAMPOO

Riders Pride conditioning shampoo has a distinctive aroma and is formulated to remove dirt, sweat, grease and dust from the coat and is suitable for routine use.

## CITRONELLA SHAMPOO

Citronella Shampoo has antiseptic and antibacterial properties. Rich and concentrated with added conditioners, it leaves coats, manes and tails silky and lustrous with a fantastic shine.

## MEDICATED SHAMPOO Independently Tested to BS EN 1656 & BS EN 1657

Riders Pride Medicated Shampoo is a high specification formula which is low foaming and ideal for dry, flaky, itchy and sensitive skin. The pH neutral formula contains antibacterial agents and natural oils that helps soften & lift scabs and dandruff. Soothes & calms irritated & sensitive skin.

## BUZZ ORF THE POSH REPELLENT THE REALLY WORKS

BUZZ ORF has a natural water based formula, for safe long lasting protection. A pleasant smelling, user-friendly repellent.. BUZZ ORF can give protection for several days if applied carefully.

## LEATHER CARE

Riders Pride leather care is a unique thickened paste, which protects leather from mould and mildew when in storage. The conditioning properties in Rider's Pride Leather Care provide the ultimate nourishment for new or fine leather, as well as deeply conditioning dry or cracked leather and adding a brilliant shine.

## COAT GLO WATERLESS SHAMPOO

One formula contains only the essential ingredients that provide convenient cleansing odour elimination and fragrance. Convenient and easy to use.  
ABSOLUTELY NO WATER REQUIRED.

## STABLE & YARD CLEANER Independently Tested to BS EN 1656 & BS EN 1657

Stable & Yard Cleaner can be used as a general cleaner around the stable and yard area or for more specific uses where infection control is important. Stable & Yard Cleaner contains active ingredients which helps prevent against equine infections.

## EQUINE DISINFECTANT Independently Tested to BS EN 1656 & BS EN 1657

Kills bacteria, fungi & viruses. Powerful & fast acting. Safe to use on most surfaces, inhibits mould & fungal growth.  
Tested to EN1276, 1650, & 14476.

## RUG WASH Independently Tested to BS EN 1656 & BS EN 1657

Next generation technology kills 99.999% bacteria and fungi, while being safe to use near animals. Rug Wash is an antibacterial, antiviral detergent that will kill a wide range of bacteria including MRSA, Salmonella, Ecoli & C.Diff Spores.

## SHOW WHITE & SHOW BLACK

Riders Pride SHOW WHITE & SHOW BLACK can be used to cover over marks and scars as well as cover over last minute stains. In a handy aerosol Show White/Black can make all the difference.

## STAIN REMOVER SPRAY

Riders Pride Stain Remover helps remove stains and dissolves away any last minute or overnight stains.

## TACK WIPES

Provide a fast, convenient solution for cleaning your tack and even your hands, when no soap or water is available. The cleaning tissues can be used to tackle fats, oils, dirt, glues, soot, tea, wax, ink, etc. Water resistant, No sticky mess.

## STABLEFRESH

StableFresh is a stable floor freshener, odour eater & absorbent to eliminate ammonia & other foul smells in the form of a non harmful powder disinfectant. Absorbs liquids instantly, so they can be easily swept up & disposed of. Great for horseboxes, trailers, kennels etc.

# VANQUISH

## Odour Destructive Technology

Vanquish is an innovative product which uses Odour Destructive Reagents to eliminate offensive odours.

Vanquish's odourless formulation works quickly to eliminate bad odours including hydrogen sulphide, ammonia, organic sulphur and nitrogen compounds.

Vanquish is non-hazardous, non-flammable and environmentally friendly.

**Uniconomy**<sup>®</sup>  
finding your solution with a smile

Packaged in 4 x 5 litres  
205 litres, & 1000 litres

## Features & Benefits

- Innovative technology utilises Odour Destructive Reagents to neutralise offensive odours.
- Environmentally friendly, non-hazardous, non-carcinogenic, non-flammable
- Completely safe under CHIP/COSHH regulations
- Completely odourless and safe for use in the food industry
- Controls Legionella within an odour control system
- Can be diluted to make the product very economical

### Applications:

Effective in a variety of applications including the treatment of waste material, hard surface odour control and the treatment of raw sewage.

### Directions for Use:

Apply directly on odour causing material through a trigger sprayer or garden sprayer. Dilutions rates:

- Hard surface spraying at a dilution as low as 500:1
- Spray directly onto waste material at a dilution as low as 50:1
- Inject directly into liquids such a raw sewage at a dilution as low 1000:1 at the inlet

# Prosil

## CONCENTRATED SILICONE SPRAY (Aerosol)

Prosil is a concentrated silicone spray which is colourless, stainless and odourless.

Prosil is used to prevent adhesion of various contaminants as a mould release agent.

The active ingredient remaining after evaporation of the propellant and carrier, is a food grade material and meets FDA1 standards and is safe for food contact.

**Uniconomy**<sup>®</sup>

finding your solution with a smile

## Features & Benefits

- **FOOD SAFE**
- **Prevents sticking putting slip where you want it.**
- **Wide temperature range - from below freezing to 250C**
- **Superb lubricating properties**
- **Non-corrosive to metals**
- **Safe to use on plastics**
- **Good de electric properties - ideal for electrical & electronic equipment.**
- **Water repellance - retarding corrosion**

### Applications:

Ideal for lubrication and protection of machinery in packaging and labelling, printing, plastic moulding, vending, textile and footwear industries, navigation, radio and radar apparatus, office machinery and in particular the food industry.

### Directions for Use:

Shake can well before use. Ensure surface is clean before application.

Spray directly onto surface to be lubricated. Wipe with a clean cloth if necessary.

Disconnect from power source if lubricating electrical items.

# Boom

## ANTI-STATIC GERMICIDAL AIR FRESHENER (Aerosol)

Uniconomy's Boom is a specially blended, anti-static, germicidal air freshener which deodorises, disinfects and de-contaminates, overcoming unpleasant and offensive odours instantly, while at the same time helping to remove the presence of unwanted static ions from the atmosphere.

**Uniconomy**<sup>®</sup>  
finding your solution with a smile

### Features & Benefits

- Excellent coverage...1 spray freshens an entire room
- Remains suspended in the atmosphere for prolonged periods of time, providing long term effectiveness.
- Eliminates odours at their source including tobacco, cooking, smoke, animal, wash-room and drain odours.
- Contains bacteriological agents which are effective against a wide spectrum of gram-positive and gram-negative bacteria, mould and fungi.

Strawberry is our most popular fragrance and always in stock, but now also available by request in Cherry, Tutti Fruity and Bubble gum

#### Applications:

Highly recommended for use in offices, meeting rooms, toilets, changing rooms, workshops and leisure centres.

#### Directions for Use:

Press the button once and you will be amazed!

# Attack

## MOSS, ALGAE, MOULD AND BACTERIA REMOVER

Attack is a highly concentrated remover of moss, mould, algae and bacteria. The long lasting, chlorine free formula is safe to use on paintwork, metal surfaces, glass and rubber. Following treatment, algae formation is hampered for a long period of time.

### Features & Benefits

- Kills most bacteria, mould, moss and algae
- Long lasting, chlorine free treatment
- Effective at very high dilution rates (economical to use)
- Can be used in pressure wash machines
- Effective in hard and soft waters
- Safe on paintwork, metal surfaces, glass and rubber

### Applications:

Attack is ideal for treating paths, garden furniture, car parks, walkways, steps and fountains. The long lasting, chlorine free formula is safe to use on paintwork, metal surfaces, glass and rubber.

### Directions for Use:

For surface cleaning, dilute up to 1 to 600 parts water depending upon level of growth. Spray directly on affected area. Lower dilution may be required for heavy growth. Glass and furniture should be rinsed with clean water after allowing suitable contact time (suggested 30 minutes to 2 hours). Re-treat periodically.

UNICONOMY Ltd

01253 854050 [www.uniconomy.co.uk](http://www.uniconomy.co.uk) [enquiries@uniconomy.co.uk](mailto:enquiries@uniconomy.co.uk)

# Pro Scalegone

## HEAVY DUTY LIMESCALE AND STAIN REMOVER

Proscalegone is a special blend of biodegradable mineral acids, inhibitors and wetting agents designed to remove lime scale, cement, efflorescence, and many other stains from bathroom tiles and other hard surfaces.

**Uniconomy**<sup>®</sup>  
finding your solution with a smile

## Features & Benefits

- Fast acting, non-tainting cleaner & descaler
- Heavy duty formula ideal for areas of heavy lime scale build up
- Effective, instant results in both hard and soft waters
- Biodegradable
- Universal application, safe on most plastics, glass and rubber
- Effective & Safe on STAINLESS STEEL

### Applications:

Highly recommended for use on toilets, showers, drains, pipes and walls. Also suitable for the cleaning of stainless steel hotel equipment. Ideal for the renovation of dishwashers, water heaters and boilers.

### Directions for Use:

For normal build-up of scale dilute up to 1 to 10 parts warm water, always adding product to water. For heavy scale build up use neat or dilute at 1 to 1 with water. Apply directly onto the affected area. Flush all contact surfaces with clean water.

For general descaling, dilute as appropriate with water. Rinse well with clean water.

For equipment cleaning, dilute up to 1 to 5 parts warm water and soak for 15 - 30 minutes. cleaned. Allow contact time then rinse well.

Equipment can be soaked in a solution for up to 1 hour.

AVOID EXTENDED contact with stainless steel and other sensitive materials.

Always test on an inconspicuous area first to avoid damage of sensitive

materials and surfaces. FOR AN EVEN STRONGER VERSION REQUEST PRO SCALEGONE PLUS

UNICONOMY Ltd

01253 854050 [www.uniconomy.co.uk](http://www.uniconomy.co.uk) [enquiries@uniconomy.co.uk](mailto:enquiries@uniconomy.co.uk)

# Bright

## ORGANIC ACID DESCALER & CLEANER

Bright is an extremely effective, fast acting, concentrated acid descaler. Bright's special blend of organic acids is safe to use on stainless steel, paints, metals, rubber and lacquered alloys and will bring the shine back to yellow metals. Bright quickly and easily removes scale and water marks.

**Uniconomy**<sup>®</sup>  
finding your solution with a smile

### Features & Benefits

- Rapid action
- Contains powerful organic acid blend (pH adjusted)
- Safe to use on stainless steel, paints, metals, rubber and lacquered alloys.
- Restores shine to yellow metals
- Biodegradable at low dilutions
- Effective in hard and soft waters
- Contains surfactants to aid removal of greasy deposits
- Low foaming formula

#### Applications:

Highly recommended for cleaning bathrooms, changing rooms, washrooms, wet rooms, shower cubicles, saunas and swimming pools. The low foaming formula allows Bright to be used in washers, boilers and water heaters.

#### Directions for Use:

For general descaling, dilute from 1 part to 10 parts water up to 1 to 20 parts water and apply via trigger sprayer to surfaces. Allow up to 10 minutes of contact time before rinsing with clean water. Repeat as necessary. Descale weekly for best results. May be used neat to remove heavier scale.

For soaking (eg. shower heads, etc) pre-dilute 1 part to 10 parts water and soak part to be treated. Acts faster in warm water. Allow up to 1 hour contact time. Repeat if necessary.

For heating systems, dilute 1 part to 50 parts water depending on amount of scale, circulate or fill and leave for up to 3 hours. Rinse and flush with clean water.

For machine descaling, dilute from 1 part to 10 parts water to 1 to 20 parts water. Either run a cold wash or rinse cycle.

# DREAM

## HEAVY DUTY CITRUS CLEANER & DEGREASER (Aerosol)

DREAM is a 100% natural citrus solvent used for heavy duty cleaning and degreasing. Rapidly emulsifies heavy grease, oil, tar and most adhesives including tape and label residues.

### Features & Benefits

- Quick acting
- Leaves a fresh, citrus fragrance with no petroleum solvent odours
- Contains 100% natural citrus solvents from renewable sources
- Biodegradable
- Removes scuff and rubber tyre marks
- Effective in the removal of chewing gum

### Applications:

Removes heavy grease, oil, tar and most adhesives including tape and label residues. Can be safely used to clean and degrease engine parts, tools, moulds and industrial equipment. Extremely effective in all printing, manufacturing and workshop environments.

### Directions for Use:

Spray onto surface and allow contact time sufficient to penetrate and loosen soils. Wipe off or rinse with water.

May damage some plastic and painted surfaces. Test on an inconspicuous area before general use.

01253 854050 [www.uniconomy.co.uk](http://www.uniconomy.co.uk) [enquiries@uniconomy.co.uk](mailto:enquiries@uniconomy.co.uk)

# Pro - 4000

## ALL PURPOSE HEAVY DUTY CLEANER & DEGREASER

PRO 4000 is a multipurpose heavy duty cleaner and degreaser. It is a unique blend of biodegradable synthetic detergents which rapidly lifts grease, dirt, grime and oil from most surfaces.

**Uniconomy**<sup>®</sup>  
finding your solution with a smile

### Features & Benefits

- Safe to use on metal, plastic, rubber, glass, stainless steel, chrome, paintwork, tarmac and fabrics
- Quickly emulsifies oil, dirt and grease
- Use in hot or cold water
- Biodegradable
- Effective in higher dilutions
- Contains rinse off additive
- May be used through a pressure washer
- Non-corrosive and non-flammable

#### Applications:

Unlimited uses including the cleaning of floors, walls, oven hoods, vents, machinery and vehicles.

#### Directions for Use:

For lightly soiled surfaces and floor cleaning dilute up to 1 to 200 parts water before use. Allow a few minutes contact time to improve cleaning performance.

For heavier soiled areas dilute from 1 to 25 parts water up to 1 to 100. Rinse well.

For very stubborn grease and oil apply neat, allow to soak, and rinse well.

UNICONOMY Ltd

01253 854050 [www.uniconomy.co.uk](http://www.uniconomy.co.uk) [enquiries@uniconomy.co.uk](mailto:enquiries@uniconomy.co.uk)

# Grease It

## HEAVY DUTY, MULTI-PURPOSE SPRAY GREASE (Aerosol)

Grease It is a superior quality, heavy duty, clear grease designed to penetrate and lubricate and will adhere to all surfaces thanks to its high adhesive formulation.

Grease It contains solvents which penetrate and evaporate quickly leaving behind a coating of grease which resists wash off and provides long lasting lubrication.

Grease It reduces friction and heat build-up and prevents rust and corrosion on metal surfaces.

### Features & Benefits

- Penetrating grease
- High adhesive formulation
- Wide temperature range (-75 degrees C to +315 degrees C)
- Resists hot water and chemical wash off
- Inhibits corrosion

#### Applications:

Grease It is ideally suited for lubricating hinges, cables, conveyors, linkages, wire ropes, locks, sprockets and any metal surface. Its anti-fling formulation makes Grease It a perfect choice for lubricating chains and other moving parts, even those subjected to extreme pressure. The wide temperature range makes Grease It a very versatile lubricant.

#### Directions for Use:

Shake well before using. Spray area to be lubricated and allow solvent to evaporate.

UNICONOMY Ltd

01253 854050 [www.uniconomy.co.uk](http://www.uniconomy.co.uk) [enquiries@uniconomy.co.uk](mailto:enquiries@uniconomy.co.uk)

# Pro lease

**FREES UP FROZEN PARTS, CUTS THROUGH RUST, LUBRICATES & PROTECTS**  
(Aerosol)

Prolease is a superior quality penetrating fluid which will loosen the toughest of frozen, corroded and rusted nuts, bolts, locks, pipe fittings and parts. Free It also provides excellent moisture displacement for electrical and other water sensitive components. Protects metal surfaces from corrosive elements such as air, moisture and salt.

**Uniconomy**<sup>®</sup>  
finding your solution with a smile

## Features & Benefits

- Excellent penetrating fluid
- Prevents rust and corrosion
- Contains no chlorinated solvents (such as trichloroethylene)
- Fast acting
- Moisture displacement properties

### Applications:

Excellent to loosen frozen, corroded and rusted nuts, bolts, locks, pipe fittings and parts.

### Directions for Use:

Shake well before using. To free frozen parts, spray liberally on frozen part, tap lightly, allow to soak until loosened. For best results, brush off loose rust and dirt before spraying.

For lubrication and corrosion protection, spray on surface and allow to dry.  
Do not remove.

To dry moisture soaked parts, spray and wipe off excess with soft cloth or tissue.

# Paper & Disposable Gloves

Uniconomy carries a wide range of high quality industrial paper products including reusable wipes, centre feed rolls, toilet rolls, and 1000 sheet industrial rolls.

We have disposable gloves available in a variety of materials.

## Strong Wipes

- Strong, reusable, lint-free non-woven cloths
- Available in rolls of 350 sheets or boxes of 150 folded wipes

## Centre feed rolls

- 2 ply, 20cm x 110m, blue colour
- Packaged in a bag of 6 rolls

## Industrial rolls

- 2ply, 1000 sheet rolls
- Available in blue or white
- Packaged in a bag of 2 rolls

## Disposable gloves

- Latex - Box of 100 (powdered and powder free)
- Blue Nitrile - Box of 100 (powder free)
- Vinyl - Box of 100 (powdered and powder free)      etc etc etc please ask!
- Available in small, medium, large and extra large sizes

A wider selection of paper, gloves, mops, buckets, brushes and other janitorial products are available upon request

UNICONOMY Ltd

# Pro & QuikSolv

## FAST EVAPORATING SOLVENT DEGREASER (Aerosol)

Prosolve and QuikSolv are high quality industrial degreasers designed for use where fast evaporation with no residue are required. QuikSolv rapidly penetrates and removes oil, grease, dirt and tar and quickly evaporates to leave no detectable residue on surfaces which have been cleaned.

**Uniconomy**<sup>®</sup>  
finding your solution with a smile

### Features & Benefits

- Rapidly penetrates to remove oil, grease, tar, dirt and lubricants
- Very fast evaporation
- Leaves no detectable residues on cleaned surfaces
- Non-corrosive to metals
- Safe to use on plastics
- Contains no chlorinated solvents such as 1,1,1-trichloroethane or methylene chloride.

### Applications:

Ideal for use on circuit boards, electronic equipment, motors, electrical contacts, machine parts, moulds and textiles. The equivalent product on the Uniconomy range is Prosolve.

### Directions for Use:

Spray directly onto surface to be cleaned. Wipe with a clean cloth if necessary. Do not use on hot surfaces. Disconnect from power source if cleaning electrical items. After electrical motors are cleaned, allow QuikSolv to completely evaporate before restarting the motors.

# Pro nique

## All Purpose Cleaner & Disinfectant

**Pronique** is a multi-purpose cleaner, de-odouriser, degreaser and disinfectant designed to clean and sanitise in one operation. Pronique can be diluted up to 50:1 making it very economical .

**Uniconomy**<sup>®</sup>  
finding your solution with a smile

Also available fragrance free, food-safe formula  
Packaged in 4 x 5 litres

## Features & Benefits

- Cleaner, degreases and sanitises in one operation.
- Safe on paintwork, metal surfaces, glass, rubber and most fabrics.
- Contains a powerful biocide will kills 99.99% of all known germs.
- Very economical...Effective at high dilution rates.
- Easily removes protein and food residues.
- Lightly perfumed to leave a pleasant, clean, germ free environment.
- Effective in hard and soft water.

### Applications:

Ideal for cleaning and disinfecting soiled areas such as floors, walls, counter tops, tables, etc. Also suitable for sanitising air conditioner units, shower heads and taps. Safe to use on paintwork, metal surfaces, glass, rubber and most fabrics.

### Directions for Use:

**General cleaning:** For heavy duty cleaning dilute up to 30 parts water to 1 part Total San in warm water. Mop or wipe surface to be cleaned. Can also be sprayed or used in a pressure washer. It is advisable to allow 10 minutes contact time to ensure all bacteria have been killed.

**Odour neutralising:** Apply lightly by trigger spray directly onto surface and leave to act. Do not over-soak fabrics and other porous surfaces.

UNICONOMY Ltd

01253 854050 [www.uniconomy.co.uk](http://www.uniconomy.co.uk) [enquiries@uniconomy.co.uk](mailto:enquiries@uniconomy.co.uk)

# PRO VIEW

## EXCEPTIONAL GLASS AND ALL-SURFACE CLEANER (Aerosol)

Pro view is a superb heavy duty glass and all surface cleaner.

Pro view quickly removes dirt, film, grease, finger prints, make-up, tobacco stains, and more from glass and all hard surfaces, leaving a clean, streak free finish.

**Uniconomy**<sup>®</sup>  
finding your solution with a smile

### Features & Benefits

- Dissolves grease and dirt on contact
- Quickly removes dirt, film, grease, finger prints, make-up, tobacco stains, and more from glass and all hard surfaces
- Streak-free formula
- Can be used on all metals including chrome and stainless steel
- Cleans any surface not harmed by water

### Applications:

UltraSpray is ideal for use on any hard surface including windows, mirrors, windscreens, vehicle interiors, refrigerators, show cases, chrome, stainless steel, granite and marble tops.

### Directions for Use:

Spray onto surface and wipe off with a clean, dry cloth.

# ROCK HARD

## Fast Setting Repair Mortar

ROCK HARD is a fast setting, high strength mortar which is an ideal general use concrete repair. Rock Hard can be used for repairs to concrete floors, ramps, roads and car parks. Ideal for feather edge and vertical applications.

Available in 12kg buckets.

## Features & Benefits

- Simple and easy to use. Just add water to the premixed powder to produce a fast setting, high strength mortar.
- The user friendly formulation is non-flammable, non-toxic, odour free and safe to use.
- Quick Set is impermeable, extremely durable and can be feather edged when needed.
- High yield—a 12kg bucket produces 1m<sup>2</sup> of concrete at a depth of 7mm.
- Packaged in a moisture proof, durable bag inside a bucket which can be used for mixing. Long shelf life of up to 5 years when properly stored.
- Also available in a kit which includes 1 litre of latex primer and 1 litre of curing agent.

### Applications:

Ideal for quick setting non-flow repairs to concrete floors, ramps, roads and car parks. Suitable for use on cementitious surfaces, render, masonry, stone, bricks and blocks. Use Quick Set for the fast bedding in of precast concrete units, manhole rings and covers, posts, kerbs, stones, slabs, bricks and frames. Ideal for feather edge and vertical applications.

### Directions for Use:

Premixed and ready to use. Just mix the powder with water at approximately 16% water content (4 litres of water per 25kg tub of powder). Do not mix more mortar than can be comfortably placed within 10 minutes. See label for application instructions.

UNICONOMY Ltd

01253 854050 [www.uniconomy.co.uk](http://www.uniconomy.co.uk) [enquiries@uniconomy.co.uk](mailto:enquiries@uniconomy.co.uk)

# Rapid Clear

## FAST ACTING DRAIN OPENER

Rapid Clear is an inhibited sulphuric acid based formula designed specifically to quickly clear blockages from pipes, u-bends, drains and traps. Rapid Clear will quickly dissolve all organic obstructions such as grease, hair, soap, sanitary towels, paper and other organic waste.

**Uniconomy**<sup>®</sup>  
finding your solution with a smile

## Features & Benefits

- Extremely fast acting
- Biodegradable
- Petroleum solvent free
- Safe on plastics, rubber and ceramic equipment
- Low freezing point
- Low odour
- Dissolves blockages by generating heat on contact with water
- High specific gravity allows product to descend to the source of the blockage and speed removal
- Use weekly as part of a preventative maintenance programme.

### Applications:

Use to clear blockages from toilets, sinks, tubs, showers, floor drains, pipes, u-bends, cess-pools and grease traps. Suitable for hotels, nursing homes, schools, office buildings, restaurants, salons and anywhere there are drains.

### Directions for Use:

Remove as much water as possible from sink, drain or toilet to be treated. Slowly pour the neat product into the blocked area and allow 10 minutes contact time. After pouring product into drain, immediately place inverted pan, bucket or other deep container over drain to protect against possible eruption of drain contents and acid. Flush drain with COLD

**DO NOT ADD WATER DIRECTLY TO THIS PRODUCT.** Always read safety instructions before use. Always wear protective safety equipment when using this product. Do not use on aluminium or galvanised metals. Do not mix with other chemicals.

# Winter Products

UNICONOMY has a wide range of quality products to keep you going when the cold weather arrives. Here are a few examples.

## True Grip

- Non-corrosive snow and ice melting granules in a convenient re-sealable bucket
- Works up to 6 times faster than traditional rock salt
- Granules dissolve fully leaving no mess and requiring no sweeping up afterwards
- Very effective even in colder conditions
- Long lasting to help keep traffic ways free from refreezing

## Ice Blitz (aerosol)

- Industrial grade de-icer for windscreens, locks, mirrors, etc
- Non-smearing formula will not refreeze even at extremely low temperatures
- Powerful long-distant spray ideal for reaching truck windscreens
- Use on autos, trucks, trains and buses as well as shop windows

## ClearView

- Commercial grade screen wash with flexible dilution rates for year-round use
- Protects the entire wash system from freezing. Used neat provides excellent freezing point depression to minus 15°C
- Pleasant apple fragrance alleviates the alcohol smell typically associated with screen wash products and the non-smearing formulation is safe on paintwork

# Uniscrubs

## INDUSTRIAL HAND WIPES

Uniscrubs are heavy duty, waterless hand cleaning towels containing a citrus based detergent that is highly effective for cleaning dirt, oil, grease and tar. The towel's abrasive cloth gives extra scrubbing power to tackle the toughest of jobs. The smooth side of the cloth can be used on more sensitive areas

- **10 tubs per box**
- **50 wipes per tub**

## Features & Benefits

- Industrial hand cleaning without the need for water
  - Highly absorbent cloth keeps dirt in the towel and off of your hands
  - Quick, convenient alternative for cleaning hands, tools, and other hard surfaces
  - Uniscrubs clean the toughest of soils including grease, tar, dirt and grime.
  - Strong, abrasive cloth does not easily tear
- **LOTS OF OTHER TYPES OF SANITISING & CLEANING WIPES ARE AVAILABLE  
PLEASE ASK YOUR REPRESENTATIVE OR PHONE HEAD OFFICE**

### Applications:

Excellent for mechanics, machine operators, printers, factories, workshops, service stations and cleaning & maintenance services.

### Directions for Use:

Pull one or two sheets of the disposable towels from the tub and wipe hands or surface thoroughly. Allow a few seconds to dry and dispose of towel.

# MAINTENANCE SOLUTIONS

## Maintenance Aerosols

### Prolease

Superior quality penetrating oil which will loosen the toughest of frozen, corroded and rusted nuts, bolts, locks, pipe fittings, etc.

### Grease It

Heavy duty, high quality spray grease designed to penetrate and lubricate. High adhesive formulation resists wash-off.

### All- Multi-Lube

Multi-purpose spray lubricant with PTFE which loosens, lubricates and protects. An essential for any maintenance workshop.

### Dream/CitruSolv

Citrus based solvent for heavy duty cleaning and degreasing. Rapidly emulsifies grease, tar, oil and most adhesives.

### ProSolve

High quality, fast evaporating cleaner and degreaser. Ideal for use on circuit boards, motors, electrical parts, etc.

## Drain & Grease Trap Maintenance

### ADC Dynamic

Sulphuric acid based formula designed to quickly clear blockages in pipes, u-bends, drains, traps and toilets.

### Prozyme

Non-toxic enzyme based digester of grease, oil and other organic matters. Keeps drains and traps free of blockages and odours.

### Prozyme Plus

Extra strength formula for systems with heavy grease and oil.

### DeScaler

Heavy duty descaler which quickly removes scale, cement and efflorescence from pipes and drainage systems.

## Descalers

### Bright

Organic acid descaler & cleaner. Safe to use on stainless steel, paints, metals, rubber and lacquered alloys.

### ProScalegone

Heavy duty descaler which quickly removes scale, cement, efflorescence, moss and algae from hard surfaces.

## Cleaners & Degreasers

### PRO 4000

Heavy duty multi-purpose cleaner & degreaser. Safe to use on metal, plastic, rubber, glass, stainless steel and paintwork.

### Proview

Foaming glass and all surface cleaner. Quickly removes dirt, film, grease, make-up, etc. Can be used on chrome and stainless steel.

# MAINTENANCE SOLUTIONS

## Specialty Products

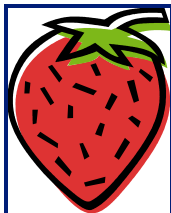

**Attack**  
Concentrated cleaner of moss, mould, algae and bacteria. Safe to use on paintwork, metal, glass and rubber. Hampers re-growth.

**Aircon Clean**  
Highly effective cleaner and disinfectant for fin fan coolers and filters.

**Vanquish**  
Innovative product which uses odour destructive reagents to eliminate offensive odours. Non-hazardous, environmentally friendly.

**Rust Converter**  
Non-hazardous, water based rust treatment to neutralise corrosion on ferrous materials.

**Boom**  
Anti-static, germicidal air freshener. Overcomes offensive odours instantly. Pleasant strawberry fragrance.

**Coffee Fresh**  
Anti-static, germicidal air freshener. Overcomes offensive odours instantly. Pleasant coffee fragrance.

**Carpet Extract**  
Easy to use, water based stain guard treatment for fabrics, upholstery and carpets. Ideal for the hospitality industry.

**Rock Hard**  
Fast setting, high strength mortar for general concrete repairs.  
**Instamac**  
Instant pothole repair

## Hand Hygiene

**Zing**  
Heavy duty beaded hand soap enriched with emollients to soften hands. Contains no petroleum solvents which dry out hands.

**Quik Wipes**  
Industrial grade hand and hard surface wipe designed to quickly remove grease, tar and dirt. Anti-Weil's disease formula.

**Uniscrubs**  
Waterless hand cleaning towels with an abrasive cloth and a citrus based detergent to clean the toughest of grease, dirt and oil.

**Safe and Kind**  
Foaming hand sanitiser in convenient 50ml bottle. Non-alcohol formula is not drying to hands. Pleasant fragrance.

## Miscellaneous

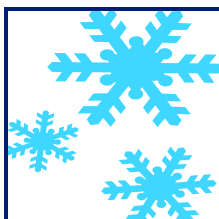

**Paper**  
A range of paper products is available including centre feed rolls and 1000 sheet industrial rolls.

**Strong Wipes**  
Strong, non-woven, lint free wipes. Can be rinsed and reused. Dispenser box contains 150 folded towels. Also available in rolls.

**Absorbents**  
A variety of loose absorbents available for general purpose, oil & fuel, or chemical spills. Spill kits also available in a variety of sizes.

**Soak Up Pads**  
A variety of absorbent pads available for general purpose, oil & fuel, or chemical spills.

**Erazers**  
Polishing sponge which removes scuff marks, stains and graffiti without the use of chemicals. Great for cleaning whiteboards as well.

**Winter Products**  
Quality range of winter products including ice melting granules and wind-screen/window de-icer.

**Pipe Repair Wraps**  
High performance, rapid curing repair wraps ideal for quick repairs to leaking pipes..

# Fruits + Flavours Fragrance Range

## Mango

An intense mouth-watering fruity mango fragrance that delivers a high level of intensity. This fragrance was developed to deliver juicy tropical mango fragrances into washrooms and problem fragrance areas.

## Lavender

A powerful and invigorating sweet fragrance, designed to deliver a fresh herbal kick to washrooms.

## Vanilla

A deliciously rich and creamy vanilla fragrance, highlighted with sweet vanilla notes. This intense fragrance is ideal for washrooms and problem fragrance areas.

## Citrus

A sharp shot of citrus zest, delivering a punchy hit of refreshing citrus flavours to washrooms and problem fragrance areas.

## Cinnamon

An intense burst of cinnamon spice, creating a distinctive rich fragrance to tackle problem fragrance areas.

# Value Aerosol Dispensers

## Value LED 270ml Aerosol Dispenser

Product Code: ADVA270W

- Chemical resistant white polypropylene plastic casing
- Discreet white finish
- Key free access for aerosol replacement
- Quick switch selection of 7.5, 15 or 30 minute settings
- Requires 2 x C size alkaline batteries
- 5 year guarantee
